

EUROPEAN NETWORK OF OFFICIAL MEDICINES CONTROL LABORATORIES
SCOPE OF ASSESSMENT OF MJA

SCOPE OF ASSESSMENT of MJA 11/15

Page 1 of 2

Field of activity: Market Surveillance Testing and Official Batch release testing

Name of the OMCL: National Veterinary Research Institute

OMCL code: PL_PIWet

Address: 57 Partyzantów, Avenue
24-100 Puławy
Poland

Director: Krzysztof Niemczuk, DVM, PhD, ScD
QA Manager: Anna Kuba (Institute), Remigiusz Pomykała (OMCL)
Telephone: +48 81 889 32 63
Email: sekretariat@piwet.pulawy.pl

History of assessments:

- MJA 11/15 Date: 17th to 19th November 2015
- MJA 03/05 Date: 17th to 18th October 2005

SCOPE OF ASSESSMENT		
Products/materials tested	Type of test	Test methods
Biologicals Vaccines <input checked="" type="checkbox"/> a) Bacterial <input checked="" type="checkbox"/> b) Viral <input checked="" type="checkbox"/> Blood/plasma derivatives <input type="checkbox"/> Biotechnology products <input type="checkbox"/> VIMP (veterinary immunological medicinal products) <input checked="" type="checkbox"/>	Product-specific (potency tests etc.)	Sterility
		Virus titre of infectious bursal disease virus in cell culture CEF
		Virus titre of infectious bronchitis virus on embryonated chicken SPF eggs
		Virus titre of Newcastle Disease virus on embryonated chicken SPF eggs
		Estimation of myxoma virus titre
		Titration of parvovirus in monovalent vaccines
